Stocks-Stocks very dull. Sales of 255.38 shares. Lackawanna was most active, but sales of that stock were less than half as much as yesterday. Fuc-tuations were generally less than 1, and closing prices show on'y small changes compared with yesterday—

The prevalent belief is that some arrang ment will be made by which the New York and New England railroad will be leased to the New York, New Haven and Hartford company with guaranteed dividends. There was a small business in Pacific Mail, which advanced to 57, and closed 1 per cent, higher than yesterday, at 561. St. Louis, Mo., January 27.—The Mississippi river is blocked by a solid mass of ice from this point as far north as the mouth of the Illinois river, and as far south as Ste. Genevieve, a distance of sixty-five miles. The ice is 16 or 17 inches in thickness, and re-sembles in many respects the gorge which blockaded the river in 1875, and which remained intact from December 31st to March 2d. This year the river closed on the 13th of January, and is expected to break up about the latter part of February.
